

Brauerei Göller is craft in the fullest sense of the word: over 500 years of fierce independence, a commitment to working with only the best of locally sourced grains (from the top barley and wheat growing region in Germany!), and a strict focus on local sales in Franconia as well as to a handful of select markets around the world.

Göller Brewery continues in the artful hands of the multi-generational Göller family. Besides the many medals their beers keep winning from competitions, their current master brewer, the young Felix Göller, was awarded German Brewer of the Year in 2013. Felix's father also won the same award in 1976!

These beers will delight your senses with the traditional recipes that have been passed down from generation to generation.

Göller was founded in 1514 -- two years before the famous Reinheitsgebot ("Purity Laws" for brewers) designed to protect the quality of beer. Göller beer reflects the ancient love for excellent beer, mandated by these Laws.
